The 14 CLUB RULE!

In the 15th Century, most golfers used between 5 & 8 clubs. In 1929 steel shafts became legal & club retailers saw an opportunity to increase profits. Matched numbered sets were introduced & golfers were advised that 8 clubs were no longer enough. The reason given was that the steel shafts were too rigid for different types of shot. In 1935 Lawson Little won the Amateur Championship using **31 clubs!!** Golf's ruling body had to act & in 1939 a 14 club limit rule was passed. Oh! for the good old days when golfers had to agonise over only 5 or 6 shafts of hickory! - *Fred Hickford*

As I recall, your exact words were "You never take me out for a drive"

Paul Bex

A man & a woman, who have never met before, find themselves assigned to the same sleeping room on a transcontinental train. After the initial embarrassment & uneasiness, they both go to sleep, the man in the upper berth & the woman in the lower berth. In the middle of the night, the man leans over, gently wakes the woman up & says, "I'm sorry to bother you, but I'm awfully cold & I was wondering if you could possibly reach over & get me another blanket?" The woman leans out & with a glint in her eye says, "I have a better idea. Just for tonight let's pretend that we're married." The man happily says, "OK. AWESOME!" The woman says, "GOOD" Get your own ****ing blanket!!" Ed

Letter To "Percy Throwover"

Dear Percy
 Further to your most important and informative article regarding the dangers of the "Oleander" plant, in issue 5, which was prompted by your own unhappy contact with the said plant, resulting in an infected middle finger of your right hand.

It has come to my notice & that of at least two other "Gins" members, that there maybe a treatment for such an injury. You should wrap a sticking plaster around the finger next to the affected digit, thus leaving the infection exposed to the sun & fresh air!!! I and my playing partners, whilst playing in a 4 ball with you, noticed that you are testing this possible remedy yourself, and we wish you every success and a rapid recovery to enable you to, once more get your hand in your pocket!! Perhaps you can confirm your own progress as I'm sure there must be golfers, world wide, with sore fingers and other extremities who would welcome relief from their affliction

Mr Fied Filikup

Geoff walks into a bar & sees his friend Paul slumped over the bar. He walks over & asks Paul what's wrong. "Well," replies Paul. "You know that beautiful girl at work that I wanted to ask out, but I got an erection every time I saw her?" "Yes" replies Jeff with a laugh. "Well" says Paul, "I finally worked up the courage to ask her out & she agreed" "That's great!" says Jeff, "When are you going out?" "I went to meet her this evening, but I was worried I'd get an erection again. So I got some duct tape & taped it to my leg. When I got to her door I rang the bell. She answered it in the sheerest, sexiest, dress you ever saw". "And what happened then?" "I kicked her face in" Ed
