The 'Travellers TEN Commandments

- according to Peter Allis

1. Thou shalt not expect to find things as thou has them at home, for thou hast left home to find other things.
 2. Thou shalt not take anything too seriously for a carefree mind is the beginning of a fine holiday
 3. Thou shalt let other tourists get on thy nerves for thou art paying out good money to enjoy thyself.
 4. Remember to take only half the clothes thou thinkest thou needest.
 5. Know at all times where thy passport is for a person without a passport is a person without a country.
 6. Remember that if we had been expected to stay in one place we would have been created with roots!
 7. Thou shalt not worry for he that worrieth hath no pleasure - few things are ever fatal.
 8. When in Rome thou shalt be prepared to do somewhat as the Romans do.
 9. Thou shalt not judge the people of a country by the one person who hast given thee trouble.
 10. Remember thou art a guest in the other lands and he that treateth his host with respect shall be honoured.
- Maurice Wilde

A little girl goes to the barber shop with her father. She stands next to the barber chair, while her dad gets his hair cut, eating a snack cake. The barber says to her, 'Sweetheart, you're gonna get hair on your Twinkie.' She says, 'Yes I know, and I'm gonna get boobs too!'

CATS - I've never understood why woman love cats. Cats are independent, they don't listen, they don't come in when you call, they like to stay out all night, come

home and expect to be fed and stroked, then want to be left alone and sleep. In other words, every quality that a woman hates in a man, but they love in a cat!

P.A.

Old' is when an 'all nighter' means not getting up to use the bathroom.

Old is when going bra less pulls all the wrinkles out of your face.

Old is when your sweetie says, 'Let's go upstairs and make love,' and you

answer, 'Pick one; I can't do both!' **Old is** when your friends compliment you on your new alligator shoes and you're barefoot.

Old is when a sexy babe catches your fancy and your pacemaker opens the garage doors.

Old is when 'Getting a little action' means you don't need to take any fiber that day.
